

Chas Dana

My dear Mr Dana

In making inquiries
one of the ~~benefits~~ ^{with your ~~to~~ ~~day~~ ~~impartially~~ ~~made~~} of the late ~~and~~
Sept 4th ~~of~~ ^{of} ~~the~~ ^{fact} that you had
written to her some time ago
about his work in Dublin in
reference, I find he has left
the tubs and plans of the
deans and in that way as
they a large amount of value
of the proposed factory, the
he is in the hands of the fact
then the manager of the State
and in Councils with the
Sept he thinks that this
works up and publishes of
seems to be within the scope of
the Canadian Spring, yet
they should be so much up
as to commence with the
the unpublished work with
the Canadian events which

is strictly to continue
after. Do you think
that any ^{secular} means of public
credit would be put in
the U States and
what would you be
willing to ~~advise~~
in the matter provided
we could get a map
drawn here and a
description of the subject
compiled for the
rule & rules
