

Montreal July 5 1845

My dear Sir

I am about to proceed to England, and amongst other matters here that Wolcott Copper Mine to arrange for into a Company. You may remember that Mr Robt some years ago examined it, and since my friends acquired it, he has again examined it, and his former report has been verified by our subsequent operations. He has furnished me with a Report which is exceedingly moderate in tone, leaning of anything to the safe side. Now as

Mr Robb is not known
in England or very partially
if you would kindly
give me a few lines. Saying
that you know Mr Robb
and that he is a man of
ability. I will serve
me very much, and I
shall feel deeply indebted
to you.

You remarked to me
once that Mr Robb was
perhaps rather sanguine
but I fancy since the
Huntingdon affair, that he
is more likely to err on the

other side, I have every
Confidence in her integrity
and believe he would not
for a moment overstate
anything. But of course
if you favor me with the
few lines I ask, you will
express your own opinion
as to what you will say of
Mr Kobb. If however it be
convenient I may assist
me very materially

Respectfully
of the season

I am very dear Sir
Yours truly

Penelope Dawson
