My dear Sir

Since writing you
on 8th Inst I ascertain the
furs can be had here at. say,

Mink \$4. Marten \$2.

Otter \$6 to \$8 according to size
& quality. The best season is

from this month until towards
spring. our Marten is smaller
& I fancy a poorer fur than
those got further north. The

mink & Otter could I think be
got good ^{here}. I am however de-
pendant upon the judgment of
others in the matter. It would
give me great pleasure to serve
you if you wish to procure
any of these furs here. Just

let me know what you would
like to have done and I will
give my best attention to it.

Remain Dear Sir

Very truly Yours

Have you heard from
George lately - How does Bro Colum-
bia agree with him? Is William
at home with you? Please give
our kind remembrances to them
all.
