

THE EXCHANGE,
BRADFORD.

4th - February 1876

Sir

X Having recently procured and partly read your very interesting work "The Dawn of Life" I should feel greatly obliged if you would kindly refer me to some person from whom I can procure one or more specimens of "Zoöon" for to the value of one guinea, the carriage of which in addition I would defray gladly. I would remit the amount either by cheque on a Bradford Bank or any other means I trust, that you will excuse my thus troubling you.

I remain

Yours truly

Jos W^c Landsborough.
