

The Foreign Office

London

7<sup>th</sup> Feb: 1846.

J. W. Dawson Esq,  
D. C. L., F. R. S. &c

Dear Sir, Not knowing  
whether your son has  
returned to eastern  
Canada - or not, I  
write to you to beg that  
you will do me the favour  
to let me have a return  
of such copies of the  
Geological Report by your  
son as have been distributed  
free - and in what manner  
the remainder of the publications  
has been disposed of.

J.

I need the information  
for the Government here,  
and to enable me to make  
final arrangements as  
to the sums that may  
be realized by sale.

Cameron  
Sep 7 1846

The estimated cost  
of the work has proved  
to be about only one  
~~third~~ of the expenditure  $(\frac{1}{3})$   
incurred on it — and  
I need hardly add, ~~this~~  
result has disappointed  
Her Majesty's Government  
to whom I had submitted  
as an inclusive and outside  
estimate \$640 —

I am dear Sir  
Yours very truly  
D. R. Cameron.
