My Dear Sir

Your favor
of the 11th received. It
will be impossible to do
more for the Geological
Survey this year. It,
however, may be a matter
for consideration whether

me

we should not reduce
the staff in number
rather than lose efficient
men like Mr Herington.

I had to push
forth an effort to
retain the additional
sum of \$5000 on the
estimates, which was
granted last year.

Yours
