

Natural Science as related to  
the Bible or some other  
theme which you may prefer  
and state also the days you  
could be there? I would  
like an address on that  
subject either on Sunday  
or Tuesday evening.

I want to make "The Bible  
in its various relations" the  
most prominent subject.

Grately obliged as by saying  
you will come.

Of course we pay all ex-  
penses of speakers and pro-  
vide entertainment.

Yours in Christ,  
W. F. Crafts.
