

Woodville April 14th 1846

Principale Dawson,

M^r Gile Coll

Montreal.

My dear Sir,

In looking
over the Weekly Witness and
reading over the successful
candidates of the Medical Faculty
in your Botany class, I noticed
that my name has been omitted.

I should like very much
if the error be put - right - before
the Colenders of the Medical Faculty
be set - in - print.

The Weekly Witness has a
moderate circulation around

here and my friends are
under the impression that
I was defeated in the exam-
ination since my name
did not appear amongst
the rest of the successful
candidates.

I hope you will
~~have~~ excuse the liberality
I have thus taken in writing
to you. And obliged,

Yours with respect

John M. Cinnamon
