

Montreal 26 April 1876

J. W. Dawson Esq.

Dear Sir

As regards the fence
you are about putting
up to divide our lots I
would wish that that
part directly back of the
House ^{I am} Building 42
feet could be kept for
some time as it is quite
uncertain if I do not put
up Sheds for the whole
length of 42 feet and then
it will require no fence
and consequently an
unnecessary expense I

I told Mr H Hutchinson
to let you know when
the foundation was being
laid down so that you
might see and have the
proper measurements if
you he has not done so
I presume he will
I have the Bal of the
lot for sale 48 + 120 if
you hear of any person
wanting such a lot
W Geddes as it is hands
I am unable to
do any thing my self as I
have been confined to
my Bed for most of the
winter and will not
be able to get out for

some time yet but I
hope the contractors will
give you no trouble I
am

Yours truly
