

Pictou 1st May 1876.

My dear Dr. Dawson

On hearing of dear Anna's intended marriage Mr. Primron and myself were very anxious to get some remembrances manufactured from the gold of our native Province to present to her on the happy occasion but could not succeed in getting it made in time. We have therefore been obliged to send a substitute which we have today mailed by parcel post to your address and hope it may arrive safely.

Have the goodness to present it to her with our best wishes and fervent prayers for her

happiness in the new relation
she is about to form.

With kindest remem-
-brances to Mrs. Dawson and your
self and family. in which, as
well as in the good wishes for Miss
Anna my father cordially joins
with me. I am, my Dear Sir,

Very sincerely Yours

Howard Pinnis
