Mc Gill College.

Dear Sir,

I enclose the original answer which I can give to the letter of your firm of the 11th. I may say however to you privately that I have urged Mr Mc Kay to settle all Prentice's reasonable claims on time, and that I fully believe if Prentice

would treat the Bay
 with the consideration
 in the matter which
 the circumstances in which
 the shares were taken
 and the present state
 of every matter demand
 them would probably
 be so shortly
