Prof. J. Dawson

Dear Sir

As the distribution of photos of *D. dentata* seems to leave none for yourself will you excuse the further liberty I take in sending you a few more.

Also if I have not mailed any to Mr. Billings it was not because I did not know of his very high standing as a palaeontologist but was ignorant of his address—

And as I have just failed to get *Palaeontology of Canada* by Billings will you excuse me if I ask you to hand the other half of it to him

Yours very truly

J. L. Parrott
