

W. V. DAWSON
WHOLESALE STATIONER.

ALEX. COWAN & SONS' PAPER.

20 DE BRESOLES STREET,

DAWSON BROTHERS'
PUBLICATIONS.

Montreal, Dec 27. 1893

Sir W. Dawson,

Dear Sir

In reply to your
favour just to hand. I would
say that the two hundred
copies that you wished me
to make up are finished and
packed away for the day of
publication. Unless you
desire it otherwise I will make
my arrangements for publica-
tion both in the United States
and here, before sending you
the hundred copies you men-
tion. - They will cost you
between 55 and 60 each, I can-
not be exact until I get all the
files in. - I think you are
averse about keeping the pub-
lication back for a short time
and I am preparing etc

attractive cover, that may help
to sell them during the holiday
season; and I will not issue
them until the end of next
month.

The Scientific Publishing Co
will publish the book both in
the United States and England
but they want to pay about
ten cents under what I con-
sider to be the cost per copy,
including 20% per copy which I
have reserved for your commis-
sion. - They are a very desir-
able house to get for this class
of book and I would have no
objection to taking my profits
of the Canadian sale along
if you would not object to
accepting 10% per copy as your
commission on the number
prepared by them - Will you
kindly let me see your views
on these matters and flip
Yours truly
L. Brewster
