It is proposed to establish in the city of Montreal a Sanitary Association for the purpose of enabling its members to obtain, at moderate cost, such practical advice and supervision as will insure the proper sanitary condition of their own dwellings. The operations of the Association may be extended hereafter so as to include public buildings or other properties.

To this end it is proposed to employ a specially educated and competent sanitary engineer who shall devote his whole time to the service of the Association.

In order to meet the necessary expenses, it is proposed that the annual membership fee shall be $10, payable in advance.

The privileges offered to members are as follows:

1. A report by the engineer of the Association on the sanitary condition of their dwellings, with specific recommendations, if necessary, as to the improvement of drainage, water supply, and ventilation.

2. The inspection of any alterations in the sanitary fittings which may have been carried out in accordance with such report.

3. An *annual* inspection of the dwellings and a report on their sanitary condition.

4. Additional inspections and reports on payment of special fees to be fixed by the Association.

5. Consultations with the engineer at the office of the Association, without further charge.

Palestine Exploration Fund.

THE TWENTY-FIRST YEAR OF THE SOCIETY'S OPERATIONS.

It was announced in the *Quarterly Statement* for July (Notes and News, p. 122), that it is proposed to make the present year, the twenty-first of our existence, an occasion for asking for such a sum of money as will enable us to push on the three operations which at present press the most urgently upon us. These are—

1. The Recovery of the Second Wall.

Herr Schick in Jerusalem is watching anxiously for the first opportunity which may present itself to follow up the remarkable discovery of what is believed to be the Second Wall. The course of this Wall once satisfactorily established, the Recovery of the whole of the ancient sites will be easy. The Second Wall began at the Gate Gennath, "encircled the northern quarter of the city, and reached as far as Antonia," and probably contained the "Valley Gate," the "Corner Gate," the "turning of the wall," fortified with towers by Uzziah (2 Chron. xxvi, 9), and the "broad wall" (Neh. iii, 8; xii, 35). Its probable course is now covered with houses, and tentative excavations will have to be made step by step. Therefore, the Committee, if this search is to be undertaken, will be called upon to find Funds.

2. The Inquiry into the Manners and Customs of the Peoples residing in and around the Holy Land.

We shall accomplish this most important research with a comparatively small expenditure of money.

The Questions have been drawn up for the Special Committee of Inquiry by Captain Conder. Among the races and religions of Syria which will be subjected to this inquiry are the Greek Christians, Latin Christians, Jews, Samaritans, ordinary Moslems, Metawileh, Druses, Maronites, Armenians, Bedawîn, Fellahîn, Ansariyeh, &c. The Questions are framed in accordance with the scientific classification prepared ten years ago by Mr. Francis Galton and others for the British Association. A separate set of questions is in preparation by the Folk-Lore Society for the Committee. It is quite impossible to exaggerate the possibilities of such an inquiry.

3. The remaining object is the Publication of the materials now in the hands of the Committee.

These materials and plans consist of—

(1) That portion of Eastern Palestine surveyed by Captain Conder, with all his drawings and plans.
(2) M. Le Comte's Drawings, made for M. C. Clermont-Ganneau's Archæological Mission.
(3) Mr. Chichester Hart's Natural History Memoir.
(4) Herr Schumacher's Second Survey (not yet received).

Those Subscribers, therefore, who feel willing to make special donations to the furtherance of these objects, are invited to fill up the enclosed Form.

1, Adam Street, Adelphi, W.C.,
October, 1886.

(By Order) WALTER BESANT,
Secretary.

To the Committee of the Palestine Exploration Fund.

I am desirous of contributing the sum of £_____ as a Special Donation.

I. To be used as the Committee may see fit.

Or, II. For the Recovery of the Second Wall.

Or, III. For the Inquiry.

Or, IV. For Publication purposes.
