

Dear

Very honored Sir, Feb 189

I allow myself to send you
with this my newest work
the Species Tubiculis Colle
with the request to receive
it as a proof of my sincere
highest respect & gratitude
of the works & writings which
you had the kindness to
send me ^{across} the Ocean
have & mostly used your
Aeropteris noveboracensis
I have shown Page 21 why
I have brought the Species
to *Asteroklana Cord*
which has been farther
described p. 23 & 24.
I should be exceedingly
glad if you can agree

amiable offer:

With the assurance
of my highest respect

with my descriptions
I thank you most kindly
for your valuable letter
^{Sept 19 1858}
as also for the offer ~~as also~~
to publish a description
of the American Brown
carbon Hoher in an
American journal.
My chief wish was indeed
to make these interesting
fossils more known
in Europe as in America
your description of them
must be easily got.
If I should have time
for it, which will
be after a long time
I shall certainly not
forget your very
