Clarke
Munro

Northampton Mass. Nov 15. 82.

Dear Sir. Be so good as to have the box of fossils
sent me at this place, by freight, and accept
my thanks again for your kindness in identify-
ing them. I think you will feel interested to
know that I have during the past season detected
some cases like Sporangites Sturoniensis in the Marcellus
Genesee & Portago bituminous shales of Western
New York, and in some instances in great abundance.

Very Truly Yours. John M. Clarke
