9th June 1876.

My dear Dr Dawson

Having long ago gone into
the matter of Mr. Hall's claim, with
Sir W. Logan and seen all the
correspondence relating to it I am
in a position to say that I consider
he has been ^{adequately} fully & amply paid
for all the work done. The exact
amount ^{so paid} I do not recollect but Mr
Grant says it is considerably over
\$2000.00 Notwithstanding this
Sir William has always ready &

To consider any further claim he
might have if he would have
supplied a proper debtor & Creditor
account, tho he has never done
and without it neither Sir William
nor I could deal with the matter.
To say that Sir William did not
treat him well in the matter is
an utter misrepresentation, as the
correspondence on the subject in
our books abundantly testifies.

Very sincerely Yours

John P. Schuyler:

Principal Dawson
of
N^o. 41.
