Joyous News Sept 7

Dear Sir,

Your favour by telegram
and letter are received. I had
already prepared to take ad-
vantage of the present low
tides to get out the trees but the
idea of their being muddled
with snow entered my mind
Perhaps the stamp taken away
is our lately extraction from the
roof of the Old Main which was
shipped to some part of the U.S.
Those in the roof could scarcely
have taken it out, at least,
my moving of it as I have
not been absent for a day till
Monday last. I will however

attend to the matter today and
report immediately the exact
state of the case.

Trusting that the box now on
the way may be safely and
promptly received

I am dear Sir

Very faithfully yours
Albert S. Hall

W. W. Benson
