Dr Dawson

Dear Sir

I have taken the first opportunity to make a couple of *sp. sections* from the Cleveland limestones. They are I think too crystalline to show fossils. I shall make others as soon as I can get time.

I find you are in my debt (for shares made and taken from my cabinet in May and June last) \$ 8.<sup>00</sup> I will give you a detailed account if you wish.

Mr Richardson returned to-day

Very sincerely yours  
Thos Weston
