I would ask in my own behalf, whether you would allow me to forward for your perusal a manuscript of 18 pages, on some point in Geology.

It was written some time since for some friends and almost forgotten, my short visit to Cape Butow Island has brought the matter up so vividly before me, that I cannot but ask the favor,

Will you kindly reply

on a separate sheet that I  
need not lay before the  
gentlemen interested in the  
oil question

very respectfully
