

Wether  
Geological Survey.  
Nov. 10<sup>th</sup> 76

Dear Sir

When Mr Ford of  
the Survey went to England  
last May, I gave him a  
few sections of Eozoon to dis-  
pose of to any one who might  
want good slices. Two of these  
fell into the hands of Prof  
King. He now returns one  
section, and wishes to exchange  
it for one showing the Mammalian  
walls. Would you care to select  
a section from your stock that  
will show what is wanted.

I might give you other sections  
I in return for it.

Will you kindly tell me what  
to do in this matter.

I should be glad if you  
would let your man call in

for your Arisnig fossils.  
I will leave them in Mr  
Grant's office.

I am to day sending off  
a box of Eozoon specimens,  
Microphotographs, & two letters  
to Prof Broadhead, State  
Geologist Missouri. Directed  
by Mr Betwayne

Very truly  
Yours  
I. W. Weston
