Dear Principal Dawson

I am much obliged
to you for the perfect specimen
of "*Choristes elegans*". I cannot
find the "little one inside".

I have shown it to Mr.
Herman Friele, who is now
here on a visit from Norway,
& who is an excellent concholo-
gist. We compared it with
my type of Torellia, ~~etc~~
young specimens of which he
has dredged. He agrees with
me that both genera are the
same.

Yours very truly
J. Owen Silliman
