

Genl. Gurney  
Nov. 27. 76

Dear Sir

I send you five  
specimens cut from the  
piece I return. They all  
show the mammilline  
wells, I think, none or  
less. If they will do  
for what you want, you  
can please send me any  
thing you think they  
are worth

Very truly  
Yours  
F. W. Weston

I have kept one specimen for  
myself
