To the Honorary Secretary of the
Ladies' Educational Association

herewith the Report of the
Examinations in the Class
of Botany

with the attendance, and
with the interest manifested
of the class, and also with
the results of the examinations.

result, but was greatly

Candidates who came
up for examination, ^{perhaps} more
less than eighteen passed
in the first class and
have received certificates
of very creditable answering
of the remainder the
greater part were
entitled to certificates

of creditable answering.
On the whole the
papers given in were
such as to show a
most commendable degree
of attention and study
on the part of the
Candidates, and to show
that they have acquired
substantial and the
elements of the subject as
well ~~as~~ ^{as} well as
with some advantage
than others plus ~~the~~
