Montreal Jan. 2nd 1877

Dr Dawson,

My dear Sir,

The gentlemen who were
requested to act as a
Museum Committee were
Messrs E. J. Major and
N. W. McLellan for archæ-
ology; Dr B. J. Harrington,
mineralogy; F. B. Caulfield,
entomology; J. R. Goode, ornithology;
Dr F. D. Carpenter,
Malacoza.

I may add that
two only of these gentlemen

have answered to my communication of the request of the Committee, and accepting the duties: Mr Gooden and Dr Carpenter I think I spoke to Dr Harrington, at his house on the subject and I understood they be accepted.

With my best wishes for a happy new year, I remain,

Faithfully yours

J. Parry
