had quite  
lications for  
by young  
es & Mothers.  
Education in  
metric grammar  
think it  
good adjunct

what they  
of Technology  
men, can be  
free - Here  
God fortune  
and a small  
might per  
our reach  
I have thou  
the Board of  
Commissioner  
interested in  
us the use of  
the Normal  
we could I

if we could  
clear to open  
your lands have  
to too young  
have half an  
this would be  
w. In Toronto  
to provide

teachers at a  
cost. What  
of the project  
mentioned to  
you other  
in my mind

My Dear Bro  
I have  
a no. of app  
right school  
men themselves  
for simple  
writing and  
to do. & I  
would be a  
to our work  
see our way  
one. Many  
to go to work  
before they  
education &  
a great boon  
the Local Work

call a school  
where you  
are any Branch  
we have no such  
but something  
smaller scale  
perhaps be within  
do good  
light that  
School  
might be  
ough to give  
a room in  
schools &  
them secure  
a very small  
think you  
not. I have  
the matter to  
it has been  
a long while  
fully
