

41 Drummond Street
Montreal 29th May 1874

Dear Doctor Dawson,
Your note of
26th May reached me Yesterday
afternoon.

My failing strength
& age prevent me from paying
attention to any thing but domestic
duties & a very limited correspondence.
I shall be happy however to hand
You at any time ten or twenty
Dollars for the furtherance of the
object You have in view, and hope
You may succeed amongst other
friends in securing enough to defray
the Expenses of the Monument.

Yours Sincerely
Geo Barnston
