

Dunkirk

Knowlton, 18 June
77.

My dear Principal,

Your note reached me on Saturday evening. I mail the Rotary paper to Judge Day by this post. I am sorry to have lost some days about it. But he seeks it, I can hardly run round. Between Court & other work, my hands are a terrible sight fuller than they should be.

I write this before breakfast; starting directly after to begin my week's term at Wafaloo. I hope to be home by Friday; but can't be sure. Next week I must again spend Tuesday, Wednesday & Thursday at Sweetbush. Last week I was there from ~~the~~ Monday morning to Friday afternoon; lucky to steal Saturday. I am even threat-

Principal Dawson
J.H.

ended with serious interruption of the holidays by his own necessary work.

When do you leave town? If I could possibly, I would like to see you before you start. And when, if at all, do you visit town during the holidays?

I should be glad to see the Manitoba University Statutes. I am sorry I can't see Gale Commencement. It is the 20th; a day I must spend at Tweedburg. I fear at ill luck for Howard; which I believe comes the week after. But I presume I can get my information by letter; whenever I can get time to write. How I wish we could see you here - you, in the plural. By the way, our best congratulations on the grand news I hear of William, with all good wishes in haste,
Your very truly,
Christie Walker
