

Mr Carpenter  
New York

Dear Dr Dawson  
This seems all I can  
find about Chitons  
Moz. I have looked everywhere  
There is a drawer of Chitons  
which however look  
as if they belonged  
to a collection of shells.  
Also a quantity of M.S.  
which however seem to  
me to belong to the  
Maz. Collections.  
If you think well I can  
easily send them on  
to you. I have written

Shall I write to Mr Dall? I shall  
be so glad to do anything I can  
do & take of your hands which are  
already burdened with work

yesterday to Prof. Henry  
& asked for a decision.  
If Mr Dall comes I can  
easily give him a  
bed here. I suppose  
the peculiarities of  
my husband were  
in his idea the dis-  
like of smoking set  
& his Stian's views  
I saw the advert: yester-  
day & thanking you  
for this all

Yours very gratefully  
J. M. Carpenter
