

Secretary's Address:

17 Phillips' Square

Montreal, 14<sup>th</sup> July 1877

Dear Sir,

The St George's Y.M.C.A. have decided if possible to get up a Course of Lectures during next fall and I am instructed by them to remind you of a former promise of yours to lecture for them at some future time. Our funds being in a very low condition and our Missionary labours many, they wish to know if you would kindly aid them in this time of need by lecturing for them on the Subject of "Darwinism" sometime during the period above mentioned.

Hoping for a favourable and encouraging response,

I remain,

Sincerely yrs,

Dr Dawson

W Buckley Sec.
