New Richmond
Monday

Dear Dr. Dawson

I write to thank you
for the handsome prize you so
kindly sent me. I shall value
it highly and hope to be able
to master its contents. My sister
bought it down about a week ago
and I hope you will not think
me utterly thankless for not
having thanked you before

Thank
you
very
much

our full needs of garden: there are
been preparing over a dozen for our
convenience

Thanking you very much for your
kindness

I remain

Yours truly

Richard W. Hamilton

REF. 11

Mother & Ella left last week
for Piclou & Prince Edward
Island; so I am left quite
alone and hope to be able to
read up some Geology at which
I have not yet been able to do
much. When I was down at
New Carlisle I was all round
the shore; and hope to be able
to walk round Black Cape
in about ten days, as I have
to be particular about the tide
Up to the present time I have
been studying Practical Botany
in the shape of attending to an

awfully weedy garden: I have also
been preparing some slides for my
microscope

Thanking you very much for your
kindness

I remain

Yours truly

Hastwell W Thornton
