Dear Sir,

Your favor of yesterday  
is duly received from  
which I am glad to know  
of your probable success  
in taking out the large  
stamp on the bank and  
trust that it may prove  
to be equally well suited  
that discovered by you  
last year.

I will endeavor on my first

spare day to complete  
and forward the copy of  
notes on the Lombury rock  
and flow in explanation  
The work on the Cobayud  
mountains grows daily  
in interest which I expect  
to be greatly increased  
during the time to be spent  
on the Southern slope  
towards Five Islands  
and Ercaomy. It is  
proposed to have a grand  
field day among the  
Ouatwath flats some

of the results of which  
I hope to be able to place  
in your hands. A new  
locality very rich in Si-  
larian fossils, has, I have  
been discovered in that

I shall look with interest  
upon the paper on the Sig.  
axis and think you  
very much for the promise  
of "The bones of Sig."

Mr. Barlow informs me  
confidentially of the pos-  
sibility of his Father's
