

Montreal August 10

Dear Sir

I have received your letter and postal card today. I wrote to you yesterday saying that I had received the box of specimens.

I will take good care of the garden.

Dear Sir I wish to inform you that Mr. McLeod for some reason or other which I do not know has put William from the observatory and wont allow him to have anything to do with it any more. and he wants to commence to cook and board himself in the armoury which I prevented, and he is now waiting the return of Mr. Baynes to have it so.

I remain your obt servt
