My dear Dr. Samson

Thanks for
your kind letter received to day

I have heard nothing of the
meeting of Committee of the C. P. J.
I know of nothing to prevent
me from attending when it is
called, and will be glad if
you will notify me by P. Card -
I go to Montreal on Monday afternoon
for two or three days, it is not likely to
take place next week, you will
please address me in Montreal
if it should -

Dr. Cornish is here, and
has been rather unwell for a few
days but was all right again
