My dear Dr. Dawson

Many thanks for your valuable volume. I shall prize it all the more that it bears with it "the kind regards of the Author." I may here add that I had bought a copy yesterday - now that I possess two, the one which is your gift will be retained; and the other is to be mailed on Friday for a present to a scientifically

inclined ministerial brother in
the old country.

About the Bible Class, I
shall call next week to
ascertain when you propose
to begin. We can surely get
somebody to lead the psalmody.

Believe me

Yours cordially

John C. Baxter
