

is only \$9,980 ¹³/₁₀₀ which
with the balance from
The Marriage License Fund
make \$11,338 ¹³/₁₀₀. The a-
mount voted by the
Committee was \$12,081, &
had the representation
made to us been correct,
there would have been still
left unappropriated

\$1,110. Before the meeting
I made several ineffectual
~~trips~~ to learn at the Department
the exact amount at
our disposal. I am
told now that we are
not entitled to a sixth,
but to some thing between
a sixth & seventh;

Weir

Quebec 13th Sep 1877.

Principal Dawson Esq.
F. R. S. &c

My dear Sir,

I enclose
a proof of the matter
which, at the last meet-
ing of the Committee it
was agreed should be
printed & circulated
among the Boards of Ex-
aminers. Will you kind-
ly return the paper to
me after perusal and
correction of errors, if
any have escaped me.

I think I have made
all the changes recom-
mended & sanctioned by
the Committee.

I have got all
the Papers except those
to be set by the Rev. Messrs
Duff & Jenkins - and
one on Drawing - which
was assigned to Rev^d
M^r Marsh here, but which
he declines to set as
he says, he has not know-
ledge of the subject.
Perhaps the Teacher
of Drawing in the
Normal School would do
this for us. Half a dozen
questions would be
quite enough, as can-

didates have only half
an hour to answer them.
Would you kindly see to
this or advise me what
would be best to be done?

It seems
that at last meeting of
the Committee \$743^{more} were
apportioned than the
Protestants' share of the
Superior Education
Fund. We were told,
if you remember, that
there was a sixth of seven-
ty one thousand Dollars
at the disposal of the
Committee - making \$11,833¹/₃,
but it turns out, as we
are now informed, that
the Protestants' share

but I think it is quite plain - that a Seventh of \$71,000 would give us more than \$10,000. There must be some blundering somewhere, but perhaps in time matters may be more satisfactorily arranged.

I shall have to go to Montreal shortly to arrange about the printing of the Papers, and to confer with M^r Emberson about the Inspection of Academies.

and Model Schools.

Yours very sincerely

George Weir
