

Tweeddale Court.  
Edinburgh Nov 3. 1877

Dear Sir

We enclose letter and prospectus  
received this morning from Messrs  
Longmans & Co with whom you  
may now probably prefer to  
communicate direct

We wrote to Messrs Macmillan  
regarding the illustrations in "Nature".  
They expressed their readiness to  
have an electro taken, but on  
looking through 1870 they could not  
find it. We have searched and  
have told them it is in the No for  
June 2, 1870. The Supplement  
is made to page 45. and now  
we wait for the illustrations.
