Dear Professor Darwin

Many thanks for

your kindness & sending  
me a copy of your valuable

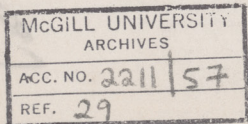

& valuable work "On the

origin of the world according

to the "Scientific American"

Review. It is delightful

to hear of you

man of Science ~~is~~ who  
takes up is not by the  
Fruit of Revelation  
& then the Law  
later it is Science.  
Amongst the mass  
of the people  
introduced by the press  
they it is everywhere  
to find out & hold

admission of the  
Bill.  
Long as you have  
to say on your scientific  
work, I should be  
wondered against the  
impact of usefulness,  
of profits at the same  
time, when the work  
& the work of God.
