My dear S Dawson

I deferred answering you
until after a Committee meeting
afternoon. Your Excellency leave Saturday
but at what hour we do not yet know
and we think your time fully occupied
for Tuesday, Wednesday, Thursday, & Friday -
I hardly see therefore how it is possible
for the Natural History Society to do
more than present an address
at the levee of the work - I see
no difficulty about that but I fear
that a special visit would be
impossible - Sincerely
yours

S Dawson
