Mr Dawson

Dear Sir

Enclosed are the papers from Van Kootland wh. please return after perusal. When the draft appears we will pay it and debit you.

I think the U.S. price should be fixed in currency at \$600 - as all probably U.S. money will be at a discount when returns are made, for the Belgian legislation will begin to take effect by that time.

The Canada price I will put at \$400 - I do not think it would be well to derive profit from the old price.

Sincerely

Samuel Dawson
