Dear Sir,

I have to solicit your subscription
to this journal, copies of which I believe have
been forwarded for your perusal, and further
ask your kind influence being used in
its behalf. It will be our aim to broaden
the Scholastic views of interest to all engaged
in, or who have the interest at heart of, Education,
and desire to again increase in size as the
support accorded to the undertaking will
justify -

I am, very respectfully Yours
S. Maynard
