July 17 . 78

Dear Dr. Dawson

I write a few lines  
to thank you for your  
intro. to Prof Chapman  
& to express a regret that  
I had not seen your  
'Acadia' & his "Outline"  
before coming here.

You may know  
some one who would be  
interested in the enclosed  
letter with a view to  
exchanges. Gilvie has  
been dredging the Sufferk

Coast where the Crags  
crop out & it is thought  
continued as far as Antwerp.

I am disappointed  
that there is no naturalists  
club here, at home  
we have walking excursions  
throughout the summer.

If I return here next  
spring I shall endeavour  
to bring out as far  
a collection of the Crags  
as an amateur may  
be expected to get in  
so short a time,

Yours faithfully  
Wm. Frase D.  
Principal Dawson,
