Sir,

Having been informed that you have communicated with the Honble. the Minister of Militia and Defense with reference to some gentleman who, in the event of a Professor of Civil Engineering being appointed to the Royal Military College of Canada, is desirous of becoming a Candidate for the office, I have the honor to inform you that it will be necessary for the Candidate to apply direct to me, when any information which it is in my power to afford will be at once supplied. In the present instance, in order to save time,

J

I enclose a paper, which
the gentleman you refer to
should at once return to
me, completed with replies
to queries, together with
an official application
of candidature.

I would remark that the
mathematical and other
courses, are so arranged
as to work in with the
purely C.E. course where
the latter by itself appears
to be deficient.

I have the honor to be,

Sir,
