

Montreal, Sept 11th 1878.

Dr Dawson.

Dear Sir,

As you directed
I wrote to the Board, and last night
I saw Dr Mc Vicar who told me
to do the same as he will do his best
to see that I get work at least for
the present year. Now I would re-
mind you that the Senior School
which is taught by Mr Lefevre (he
wants to get rid of it, for last winter
he ask me to take it) might give
me some work & Mr Haight knows
me well as you may see from the
letter accompanying this, and as he
has the charge of the school he has
already asked me why I did not
teach French in his school. Mr Lefevre
has already written to the Board to get rid of that
school.

Yours Respectfully
N. Duval.

Montreal Sept. 9th 1878

Mr. Duval taught in my school for upwards of two years and was engaged for another year, but I released him from his engagement, as he had obtained a more lucrative situation in the High School. I think that I can say that he gave me better satisfaction than any former french teacher that ever taught for me. He was well liked by the pupils, & during the time he was with me, I never heard any complaints from parents or pupils. He is a gentleman for whom I have much respect, and I have every confidence

in his scholarly attain-
ments.
