Dear Sir

I take the pleasure of sending on for your acceptance a book which I have lately published on "The Creation" you may remember that I wrote you once on that subject a few years ago. I have most of your works & have got much good from them, and cordially agree with almost everything you have written except, in the

matter of the theory of
"The Creation". You will
no doubt forgive me
for saying that I never
felt able to adopt the
long epoch theory although
it engaged my mind
for a time. and I am
quite well aware that
you will not accept
my theory, But I will
feel honoured & obliged
if you will kindly accept
the volume I take the
pleasure of sending.

I am
Most sincerely yours
Alexander Stewart
