Dear Sir, I return herewith the
proof received yesterday, and
trust you will receive it in time.
I shall pay for the two plates
you mention; but as the amt
is considerable I trust you
will see that the work
is done as economically
as possible. The figures are
not different, and I
think might be done
cheaply. Please see that
the drawings are accurately
copied and that the
reference figures and letters
correspond with the explanation
also. It would be

A good thing of Mr. J. M. Dawson's paper in *Softener* could appear at the same time as the subjects are closely related

I have added a note on Nicholson & Munie's Memoir in the *Linnean Journal* which is important. They disagree with Carter as much as I do. He should stick to his sponges and leave *Stromatopora* & others.

Truly yours
J. M. Dawson

P.S. I read the proof by
but just now.
