Clare Hall  
Cambridge

Tuesday morn.

My dear Sir,

I looked into the  
case of Mr Fluhmann last  
week and requested Dr. Howe  
to report to me on his work  
as a Teacher. I have the  
Dr's answer which will  
be laid before the Com-  
missioners. I also ad-

dressed a note to Mrs Scott  
asking for her statement  
of High School Fees, but  
have received no answer.  
She has had three months  
to prepare this statement.

Mr. Robbins did  
not inform me of any  
Special cases of disaffairs  
requiring attention, but

I shall see him this morn-

It is not my intention  
to continue on the Board  
of Commissioners beyond the  
term of my present appoint-  
ment which I think ends  
in June next. For this  
reason I do not see that  
your suggestion as to  
representation on the

Cooperation of the University  
is practicable.

We require a meeting of  
the Commissioners to  
attend to Mr. Fluhmann's  
Case and other business.

Yours truly,

S. H. Macvicar
