

Montreal Friday 187

Dear Sir

We have the Ecological
Magazine for 1874 -

The Natural History Review for
1865 and a sample volume
of the same for 1861 -

The unbound volumes are
incomplete and the missing
numbers were written for but
we are ashamed to say the
volumes were afterwards put
aside and we have now turned
them up -

If we cannot complete them
at once we will sketch them
in a volume which you can

use for a time until we can
procure the parts.

We much regret the delay
and the carelessness which
has caused it. The clerk res-
ponsible for this had ceased
to be with us.

Yours truly
Dawson Burt
