

Saturday Morning

Dear Dr Dawson

I am always
very much obliged to the
Reporter for letting me
alone - I escaped them
Thursday because they were
really nothing said which
would bear reporting - I do
not know whether I could
recall what I said although
I might write a little speech
to the same effect, but I think
it is too late

Yours truly

Saturday Morning

Dear Mr. Garrison

I am always
very much obliged to the
Reporters for letters and
articles - I understand them
thoroughly because there were
really nothing but articles
forwarded me - I have
not known in fifteen years
before what I have through
I might write a better speech
to the cause effect, but I think
it is too late

Yours truly
Chas. D. Bay

I ought to have thanked
you sooner for the copy of
your address at Harvard - I
am reading it slowly for
I find it a very thoughtful
and admirable paper and
am proud that our University
was so well represented
there C. D. D.
