My Dear Sir

I am much obliged for your prompt response. On consideration though I will not ask you to send specimens of Exoon as a special parcel - the cost of doing so would exceed the value of the specimen to me commercially considered. Sir Logan I remember sent me the block with other things to the Geology Museum. If I could have got specimen thus free of transit I wd be glad with them but not without as there are no scarcity of specimens on this side I judge you have not sent if you have there is no help for it. With best thanks

I remain  
Yours faithfully Robert Damon

My dear Sir

W. H. Murray  
J. H. Murray

I am much obliged for  
your prompt response. In answer  
to your letter of the 1st inst. I  
send the names of persons on a  
list of names - the list of names  
would show the value of the  
to me and will be of use to  
the same of members that are  
the list with other things to the  
of course. I am  
and get specimens for the  
to send to me - the list with  
but not without as there are in  
quantity of specimens on the list  
I hope you have not  
but if you have there is no help  
for it. With best regards

Yours faithfully  
W. H. Murray
